These shirts will be a mandatory part of our "casual uniform" which started in the fall of 2001. They will remain the same from year to year so one shirt can last for more than one year. They are made of 7 oz cotton (that's the heavy, solid stuff) with First Class embroidery and different cuts for gals and guys. A neat and classy polo.

Your family can order them also! Sizes run large relative to T-shirt sizes. Shirts are 100% cotton but are preshrunk. If there is any question, definitely get the smaller size.
