

7th GRADE SUMMER READING LIST

Because we feel summer reading is a beneficial part of a student's education, we have compiled a list of recommended titles for each grade. We are strongly suggesting students read three titles from this list during the summer. It should not be a title the student has already read. When school begins in September, your Language Arts teacher will assign a writing project based on one of these books. Required guiding notes to be used while reading this title will be available online after June 10. An AR quiz is not required. The library will be open Wednesdays 10 am-Noon -- July 14, 21, 28, August 4. Books may be checked out (one due date of September 10) and AR quizzes taken during this time. Points count toward your SEAS Middle School total points. This is a great time for parents to read and discuss these books with their children!!
